Digital Solutions

# FULL PROCESSING SERVICES PRICE LIST

August 2011

## INTRODUCTION

Hutt Street Photos and Imaging is located in the city of Adelaide. We serve a wide range of private clients and industries: advertising agencies, professional photographers, law firms, architects, engineering firms and manufacturers - any industry that requires quality state-of-the-art photographic services. We are continuously striving to stay on the cutting edge of digital technology. We use a Noritsu digital photographic lab and an Epson 7880 24" printer in our Hutt St location and offer extended weekday hours (8:30 a.m. to 6:00 p.m.), as well as Saturday trading from 9am to 2pm. Special shipping arrangements (at cost) can be made for your order so you can get the job done and delivered on time to other locations.

**Our mission: To accommodate our customers' needs with the highest quality and a quick turnaround, at a realistic price.**

When you call or come into our store, you will be cheerfully received and given a specialist for your type of order. Our primary goal is your satisfaction. Your work is important to us. We are here to help you excel.

**COPYRIGHTED MATERIAL:** Purchaser represents and warrants that by requesting Hutt St Photos to reproduce any copyrighted work, purchaser has either: (1) obtained permission from the copyright owner to reproduce, distribute and display such copyrighted work, or (2) will use the reproductions prepared by Hutt St Photos solely for teaching, research, scholarship, or for criticism, comment or reporting, and will not sell or use the reproduction in any manner to direct financial detriment of the copyright owner, or in any other manner which infringes any copyright. The customer assumes all liabilities under copyright laws. Purchaser agrees to hold harmless and to indemnify Hutt St Photos for all cost, expenses, legal fees, or judgments resulting from any claim or lawsuit against Hutt St Photos at the request of the purchaser. We reserve the right to ask you to sign an indemnity form if there is any doubt regarding copyright

**LIABILITY:** We use extreme care in working with your prints and original artwork. Submitting any film, slide, transparency, negative, digital media, rendering, blueprint or artwork to Hutt St Photos for processing constitutes an agreement by you that if such film, slide, transparency, negative, digital media, rendering, blueprint or artwork is damaged, lost or not returned by us, our liability is limited to the replacement of an equivalent amount of unexposed film or paper. Original art will be left at customer risk only and is not subject to replacement. Hutt St Photos assumes no liability for loss or damage to orders during transportation to and from our office. Any item of value sent by the customer should have the necessary insurance to cover any such occurrence. Colour photographic dyes may change over a period of time. Therefore, we will not be responsible for any changes in colour or density.

**REGULAR BUSINESS HOURS:** Our Hutt St store is open 8:30 am to 6:00 pm Monday through Friday and 9:00am to 2:00pm Saturdays. We are available to work outside these hours. Please refer to overtime services below.

**SERVICE SCHEDULE:** All quoted production times are for each individual process. This time does not include Saturdays and Sundays. Also, times advised are "in lab" times, and do not include time required for ordering custom or special materials, pickup, delivery or shipping. When multiple products or services are required from the same original, all production time will be added in sequence. Print production time does not include time needed for dupes or for mounting. Large quantity orders may effect the turnaround times.

**OVERTIME SERVICES:** Should you require us to work over-time, there will be an additional charge of up to \$55 per person hour, plus the cost of the service. There will be up to a \$200 charge for opening late on Saturday, and a \$300 charge for opening, plus \$50 per person hour Sundays plus the cost of services.

**RUSH CHARGES:** Rush charges will apply to certain services and will vary depending on the type and number of services requested and the size of the job. Hutt St Photos will make every effort to notify clients in advance whenever rush charges apply.

**DIGITAL FILES:** Our equipment operates on an industry standard sRGB JPEG file format. If you supply files in another format, we reserve the right to add additional charges to the order to cover our time involved in converting files. Files supplied as CMYK format will need to be converted, and an appropriate charge will be added.

If you supply your own digital files for printing, please ensure they are sRGB 300dpi and sized correctly for printing. If the files are not sized to our standard printing sizes, please canvas the image to fit these standard sizes

**APPROVAL PRINTS:** On large quantity jobs, we may require an approval print. The approval print must be signed and returned in a timely manner. The time taken to approve a print is in addition to in lab service time.

**REMAKES:** Jobs requiring remakes must have the original and the prints returned within 2 working days to be reviewed by us. All work done by us must be returned along with the original invoice.

**CUSTOMER STOCK:** Customer stock can pose special technical problems. We reserve the right to refuse to use any customer stock or to impose additional charges for using customer stock. The use of customer-supplied stock does not entitle the customer to a discount.

**ODD SIZE PRINTS:** Odd size prints will be billed based on the paper size necessary to print your request.

**EMAILED PHOTOS.** Digital files can be emailed to [photos@huttstreetphotos.com.au](mailto:photos@huttstreetphotos.com.au). You can attach your files to the email with printing instructions. As a precaution, please send us an email with nothing attached to tell us you are sending some files. This way we will be able to advise if the files do not make it, or are rejected by your ISP

**CREDIT ACCOUNT/BILLING:** All invoices are C.O.D. unless a credit application has been completed and approved. All prices in this catalogue include GST. All invoices are due and payable within 30 days, unless otherwise agreed upon in writing with client. Invoices over 30 days old will be considered past due and a charge of 1 ½% per month will be added.

**CREDIT CARDS:** We accept Visa, MasterCard, American Express and Diners Club credit cards. Charges will not be applied to your card until your work is completed and we do NOT charge a credit card fee.

**ESTIMATES:** Estimates are based on our good faith estimate of the cost/time required to complete the job according to client instructions. Final cost/time of the job may vary if client's instructions change during the course of the job, if additional labour or computer time is required, if additional pick-ups are necessary because originals needed to complete the job were not included or if the deadline for completion is changed and rush charges apply.

**POSTAGE AND SHIPPING:** We are happy to return orders, and supply stock via Australia Post. We will endeavour to recycle packaging to reduce costs, and postage quotes are obtained from the local Post Office, who are only 4 doors away from us. Postage fees will be added to the final cost of the order at our discretion.

Every effort has been made to produce this listing without error. Should any occur, we reserve the right to correct.

**ALL PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE**

## **PROCESSING AND PROOFING**

### **C-41 DEVELOPING ONLY (WS4)**

35mm/1/2 frame/APS 12 exposure	\$5.50 (Blank films \$3.00)
35mm/1/2 frame/APS 24/25 exposure	\$6.50 (Blank films \$3.00)
35mm/1/2 frame/APS 36 exposure	\$7.50 (Blank films \$3.00)
110/ 126	\$7.00 (Blank films \$3.00)
E6 35mm Cross Process	\$7.00 (Blank films \$3.00)
Disc Film	\$15.00 (5 week service)

### **E-6 DEVELOPING**

35mm/ 24 exp. Develop only	\$12.00 (Blank films \$10.00)
35mm/ 24 exp. Dev & Mount	\$18.00 (Blank films \$10.00)
35mm/ 36 exp. Develop only	\$15.00 (Blank films \$10.00)
35mm/ 36 exp. Dev & Mount	\$21.95 (Blank films \$10.00)
E6 Push Processing	\$7.00

Mounting includes frame numbers. Date or extra text is an additional \$1.80 per line

E4 Processing	\$35.00 (3-6 month service)
K14 Processing (B&W)	\$70.00 (3-6 month service)

### **E-6 Extras**

Slide dupes	\$4.00
Slides from digital file/negative	\$16.50
Slides from prints	\$15.00
35mm plastic mounts	\$0.40 each

### **INDEX PRINTS (40 images per print)**

10cm x 15cm from uncut film/CD	\$2.00 ea
10cm x 15cm from cut film	\$4.00 ea
20cm x 25cm from uncut film/CD	\$7.00 ea
20cm x 25cm from cut film	\$12.00 ea

### **CUSTOM INDEX (CONTACT) PRINTS**

20cm x 25cm from digital files	\$9.00 ea
--------------------------------	-----------

Custom setup charges may apply - please contact us.

**PRINTS FROM 110/126 NEGATIVES** \$1.50 EACH\*  
7 day service

**PRINTS FROM DISC NEGATIVES** \$3.00 EACH\*  
5 week service (via USA)

\*Plus Developing fee if applicable (110/126 \$7.00 per film, DISC \$15 per Disc)

## DEVELOPING AND PRINTING

Surface: All photos printed on Kodak Royal Gloss paper, unless Matt or Metallic are specifically requested.

Index prints: Included with all D&P, no extra charge.

Borders: All photos printed full bleed unless borders are requested. No extra charge for white borders.

Panoramic D&P: Add 30c per panorama to regular D&P price.

### MINI PRINTS FROM FILM

Ideal as a proof service, and for weddings.

6x9cm/2 1/4" x 3 1/4" photos on 10x13cm/4" x 5" Paper  
DEVELOP & PRINT

	Gloss/ Matt	extra set	Metallic	extra set
12	9.00	5.00	13.00	8.00
24	12.50	6.00	18.95	11.00
36	16.95	7.00	24.95	14.00

### 35mm DEVELOP & PRINT – GLOSS / MATT

	9x13cm (3 1/2 x 5" or 10x15cm (4"x6")	extra set	13x18cm(5"x7")	extra set	15x20cm(6"x8")	extra set

## APS DEVELOP & PRINT – KODAK METALLIC PAPER

	10x15cm/18cm/30c 4"x6"/7"/12"	extra set	13x18cm/20cm/35cm 5"x7"/9"/14"	extra set
25	26.00	11.00	47.50	31.50
40	39.00	20.00	64.00	42.00

## PROCESS AND CD BURN (Standard 4Base) PACKAGE - NO PRINTS

35mm/APS C41 films developed and scanned to CD (no prints)	\$9.95
120 C41 films developed and scanned to CD (no prints)	\$14.95
220 C41 films developed and scanned to CD (no prints)	\$18.95

## SCAN TO CD WITH PHOTOS

C41 Films burned to CD at time of <b>developing &amp; printing</b>	\$6 per film extra
E6 Films burned to CD at time of processing	\$10.50 per film extra

## **FILE TYPES, RESOLUTION, DPI, COLOUR SPACE AND ALL THAT STUFF!**

If you want to provide us with files set up the way YOU want, there are some things you need to keep in mind.

Our Noritsu lab (like all similar machines) prints in the Adobe sRGB colourspace, so if you convert your files into this colourspace you will be on the path to the prints matching your monitor.

On the subject of your monitor, have you calibrated it? There is more to it than just adjusting the brightness and colour balance. If you are using Adobe Photoshop, you should at least use the monitor gamma adjustment, which comes with Photoshop. If you want to do more, use a spectrophotometer like a Colorvision Spyder or Gretag Eye-One. You can hire a Spyder monitor calibration unit from us for \$20/day if you wish.

As regards file formats, we prefer .jpg files for printing, but we can accommodate .bmp, .tif and .psd among others.

If you size your files at 300dpi you will avoid excessively large files, and obtain the best results. If you have heard stories of 600dpi and 1200dpi and think our 300dpi is low, you should remember that inkjet printers use tiny drops of ink to get the result they give. The smaller the dots of ink (higher DPI), the better.

Photographic labs print on silver halide photographic paper (just like the good old days when we used film!), and the lasers give a continuous tone to get the final print. There are no dots, so the 300dpi figure is used only to calculate file size. Whether the file is 1200dpi or 300dpi, it makes no difference other than making the file bigger. The result will be the same.

If you have an “odd” size file which you need printed at a specific size, then canvas it in Photoshop up to one of our standard print sizes. If you need more information on this, just ask us.

### Standard Photographic Print Sizes.

Imperial	Metric	Imperial	Metric	Imperial	Metric
2 ½ “ x 3 ½”	6cm x 9cm	8” x 8”	20cm x 20cm	20” x 24”	51cm x 61cm
3 ½” x 5”	9cm x 13cm	8” x 10”	20cm x 25cm	20” x 30”	51cm x 76cm
4” x 4”	10cm x 10cm	8” x 12”	20cm x 30cm	24” x 36”	61cm x 91cm
4” x 5 1/3”	10cm x 13cm	8” x 24”	20cm x 61cm		
4” x 6”	10cm x 15cm	10” x 10”	25cm x 25cm

6” x 8”	15cm x 20cm	12” x 36”	30cm x 91cm		
6” x 9”	15cm x 23cm	16” x 20”	40cm x 51cm		
7” x 10”	18cm x 25cm	16” x 24”	40cm x 61cm		

## **THE PHOTOGRAPHIC PAPERS WE USE.**

We are proud to use the full range of Kodak premium and professional papers for all our silver halide printing. This is some information from the Kodak website.

### **KODAK ROYAL GLOSS PAPER**

KODAK ROYAL Digital Paper is an exceptional state-of-the-art, silver-halide paper for making direct digital prints from digital files, as well as optical prints from color negatives. This paper delivers bold, saturated colours, state-of-the-art image stability, and is optimized to work well in both digital and optical imaging systems. It replaces KODAK ROYAL Generations, KODAK EKTACOLOR ROYAL Plus, KODAK EKTACOLOR ROYAL IX AP, and KODAK EKTACOLOR ROYAL X Papers. ROYAL Digital Paper is easily identified by its thicker support, which provides durability in handling, and by its distinctive gold “KODAK ROYAL Paper” watermark.

### **KODAK SUPRA ENDURA VC PAPER**

An expanded colour gamut paper designed for colour-managed digital systems— Our lab works with professional photographers to create high-quality image output— professional images that tell stories and capture the imagination. We are constantly looking for new options to improve quality, grow business opportunities, and meet your customers’ high expectations. You should be able to depend on the consistent performance of professional quality materials, giving you the flexibility to focus on your customers and innovative new products. KODAK PROFESSIONAL ENDURA Papers have set the industry standard for professional printing applications, and now you will see even richer, more vibrant colours with the latest ENDURA Paper. With new SUPRA ENDURA VC Digital Paper, Kodak’s research scientists were able to increase the colour gamut even further. This new paper gives labs like yours the capability to enhance colour, while maintaining consistent, high-quality flesh-tone reproduction. Text and graphics are also not only more vivid, they are extremely crisp and precise —adding another quality touch to the finished product.

SUPRA ENDURA VC Digital Paper is optimized for printing in both internal and external colour-managed, short exposure, digital workflows. Many digital printers have colour-management capability built into their software. SUPRA ENDURA VC Digital Paper is fully compatible with these printers.

### **KODAK SUPRA METALLIC VC PAPER**

Distinctive metallic appearance specifically designed for digital exposure with century-plus image stability ENDURA Metallic VC Digital Paper has opened a whole new dimension for commercial and portrait output. Its glossy finish and metallic appearance create images with exceptional visual interest and depth that will appeal to both photographers and display designers seeking a unique look. Colour images are vibrant with flattering flesh tones. Black-and-white scenes are stunning, with dramatic impact and excellent contrast.

Most labs and photographers will see noticeable improvements in image quality and lab productivity with ENDURA Metallic VC Digital Paper. The paper is based upon improved emulsion components from the previous generation of KODAK PROFESSIONAL ENDURA Papers.

**REPRINTS & ENLARGEMENTS (MATT unless Gloss is specified)**

## DIGITAL SERVICES

### SCAN TO CD-R

All CD's are closed sessions and nothing can be added or removed once burned. The prices below include the cost of the CD. Where multiple films are being scanned, all rolls will be scanned to the 1 CD unless requested otherwise.

Minimum charge on all scanning \$6. Duplicate CD's \$6 / Duplicate DVD's \$10

TIFF files are available upon request at 50% extra.

#### Resolution (35mm)

4Base	1024x1545 pixels	app.750kb JPG file	4.5mb tiff
16Base	2048x3072 pixels	app. 2.2mb JPG file	17mb tiff
64Base	4492x6774 pixels	app. 14mb JPG file	80mb tiff

35mm Standard Resolution Scans to CD at time of developing and printing \$6 + D&P

35mm uncut film	Standard 4Base	Hi Res16Base	Ultra 64Base
12 exposure	9.95	19.95	39.95
24 exposure	9.95	22.95	49.95
36 exposure	9.95	27.95	69.95

#### 35mm Cut Strips

(per neg)	Standard 4Base	Hi Res16Base	Ultra 64Base
1-10	1.20	4.00	9.00
11-30	1.10	3.50	8.00
31-100	0.90	3.00	7.00
100+ (min 10 days)	0.75	2.50	6.00

**Special Bulk Rate (10 strips or more)** for 35mm cut strips of 4 or 5, where **EVERY** negative is to be scanned.....Per strip....\$1.50                      Per strip of 6.....\$2.00

35mm mounted slides	Standard 4Base	Hi Res16Base	Ultra 64Base
1-10	2.00	6.00	12.00
11-30	1.80	5.00	10.00
31-100 (min 5 days)	1.60	4.00	8.00
100-300 (min 7 days)	1.20	3.00	6.00
300+ (min 10 days)	1.00	2.00	4.00

*For slides, "print and scan" combo price: Only 60c extra on top of the scan price.*

We will do our best to have large orders of slides, negatives or prints completed in a reasonable time period. Should a large job be urgent, we reserve the right to add a "rush" charge, but we will discuss this at the time of taking the order

Refer to Page 28 for Slideshow costs

## **RESTORATION**

Range of photographic restoration services depending on needs and prices vary for each individual job, the following is a guide only.

Actual quotes will only be given after sighting the original photo.

Job times vary depending on amount of restoration work to be done, but generally 7 working days.

Light Restoration	\$55.00
Medium Restoration	\$85.00
Heavy Restoration	\$130.00 +
Custom Work/Manipulation	\$90 per hour

**Light:** Generally involves the removal of minor blemishes, scratches, small creases, watermarks, and date imprints from edges and background detail of photo. Basic restoration of colour from faded and light damaged photos.

**Medium:** Removal of scratches, blemishes, creases, watermarks, stains. Improvement of colour balance and contrast from faded and light damaged images. Some basic cloning and cropping of details as needed.

**Heavy:** Generally involves the rebuilding of faces or missing sections of photos. Rebuilding completely ripped photos, major reconstruction. This is the grand plastic surgery choice when no other option will suffice.

**All restoration work is saved to CD-R for archiving and reprinting.  
Prints made from restored images are printed at Digital Reprint prices.**

## **IMAGE RECOVERY FROM MEMORY CARDS**

If you have a memory card and your images have "disappeared", or you have accidentally deleted or formatted the memory card, then we may be able to help you.

**First of all, DO NOTHING to the card, and in particular, DO NOT TAKE ANY MORE PHOTOS ON IT!**

Bring in, or post, the card to us and we will use a variety of non destructive programs to analyse your card, and attempt to recover the files.

It is not always a quick process, and whilst we can make no guarantees, we will promise to do our utmost to find your files.

If we cannot recover any files, we will not charge you.

Recovery Fees are as follows:

Memory Cards up to 4GB	\$40 (includes files saved onto DVD/CD)
Memory Cards over 4GB	\$65 (includes files saved onto DVD, additional \$10 for each extra DVD)

## MEDIUM FORMAT

### DEVELOPING

120 C-41 Develop Only	\$7.00 (Blank Films \$3.00)

Standard	1398x1024	1040x1024	1258x1024	1491x1024
High	2796x2048	2097x2048	2511x2048	2982x2048
Ultra	4824x3533	4832x4760	5902x4815	7139x4903

### **120/ 220 uncut roll**

Standard 4Base <b>JPG</b>	\$14.95 plus developing charge
Hi Res 16Base <b>JPG</b>	\$39.95 plus developing charge
Ultra 64Base <b>JPG</b>	\$95.00 plus developing charge

### **120 cut film**

(per neg/slide)

	Standard 4Base	Hi Res16Base	Ultra 64Base
1-10	3.50	6.00	12.00
11-30	3.00	5.00	10.00
31-100 (min 10 days)	2.50	4.00	8.00
100+ (min 14 days)	2.00	3.50	7.00

Minimum charge on all scanning \$6. Duplicate CD's \$6 / Duplicate DVD's \$10

Scanning mounted 6cm x 6cm slides (Glass or Cardboard) Min 10 days

(per neg/slide)

	1200 dpi scan	2400 dpi scan
1-10	8.00	11.00
11-30	6.50	10.00
31-100	5.50	8.00
100+	5.00	7.00

## **LARGE FORMAT, NON STANDARD SIZE DEVELOPING, PRINTING & SCANNING**

4x5 sheet film	DEV C4-1 \$11 ea	E-6 \$13 ea	SCANNING	\$14 each
All Glass Plates			SCANNING	\$25 each
8x10 sheet film	Developing POA		SCANNING	\$35 each

### **Widelux/Wide Format Panorama Scanning**

6x13cm/6x17cm Negs/slides	\$8 per neg/slide. Scanned at 1200dpi
6x13cm/6x17cm Negs/slides	\$12 per neg/slide. Scanned at 2400dpi

### **Scanning Non Standard negative sizes/film types.**

**These negatives are basically anything other than 120/220 roll film negs or slides, and, as such they require considerable additional work to scan, correct and print.**

116/616/122/124 Negatives, approx 9x15cm in size \$12 each

127 Negatives or Slides  
Approx 3x3.5cm, 4x4cm or 4x6cm \$6 each

Prints from these negatives will be charged at the Scanning cost plus normal digital print cost.

If you are uncertain of what negative it is, give us a call or send it in and we will let you know.

Minimum charge on all scanning \$6  
**TIFF files are 50% extra, only on request**

Minimum charge on all scanning \$6. Duplicate CD's \$6 / Duplicate DVD's \$10

### **SCANNING OF DOCUMENTS TO PDF FILES.**

Bulk document scanning is available from UNBOUND originals. Single or double sided, colour or black and white. A4 or A3, standard paper (80gsm) only.

Per Side, up to 10 sides	\$1/side, min charge \$10
Per side, up to 50 sides	\$0.70/side
Over 50 sides	\$0.50/side

## **BLACK & WHITE SERVICES (TRI-X, FP4, HP5 ETC)**

### **DEVELOPING**

35mm	Develop Only	\$14.00 (Blank films \$12.00)

30x60"/75x150cm*	350.00	550.00
40x40"/100x100cm*	420.00	570.00

\* Printed off-site - 10-14 day service time

**Minimum Charge for stretcher frame is \$34.00**

All canvas prints need a 30mm image border to wrap around the frame.

Non-standard sizes: POA

Please note the when printing canvas prints from old or damaged photos, additional restoration work may be required on the original photo if you want marks etc removed.

Please refer to the details on page 14 for costs involved.

Prints from oversize originals, or non standard negatives may also incur additional charges as per this price list.

## **DISPLAY / ADVERTISING PRINTS**

Images are printed on light weight matt paper or (untearable!) polyethylene based material, using genuine Epson inks.

Prints are supplied as printed for hanging or mounting to walls etc

Lead time: printing is 4 days, but urgent jobs can be accommodated where possible.

## **COLLAGE PRINTS (8X10"/20X25CM) AND LARGER**

Plus \$45 on enlargement price for up to 80 images

Plus \$60 on enlargement price for up to 150 images

Above price includes one proof, via email and changes from that proof.  
Additional proofs and changes will be supplied at \$20 per additional proof.

Scanning/copying charges may also apply.  
Please call for more details, layout options etc

## **BULK PRINT (SHOEBOX) SCANNING SERVICES**

This service is ONLY for bulk (50+) quantities of photos, and there are CONDITIONS for this service.

Photos for bulk scanning orders must be un-mounted, not torn or bent, no smaller than wallet size (2" x 3") or larger than 8" x 12".

Mounted prints, instant prints or non standard size photos can be scanned but will be charged at the individual scan prices shown at the bottom of page 11.

Please remove photos from envelopes, album pages, cards etc. If you want to help to keep groups of photographs together, you may want to put an index card at the beginning of each group with some information on it and we'll scan those right along with the photos.

**Technical specifications:** Our standard scanning resolution for this service is 300 dpi. This is adequate for making good copies the same size or up to twice the size of the original photo.

As an **additional option**, your photos can be scanned at 600 dpi. This makes image files that are 4 times bigger, so the files take up more space on your computer's hard drive or on CDs and DVD. Add 50% to the total of the order for 600 dpi scanning.

50 to 200 prints	Scan Only	\$40.00*
Each additional 100 prints		\$10.00*
* includes CD		

*If bulk print scanning is required in a specific order, a surcharge of 25% will apply*

Prints larger, or smaller than the sizes above will be charged at the normal scanning rates as shown on page 13.

Please note: If photos are in Albums, there will be an additional charge of \$30 per album if photos can be removed.

Transferring files to CD	\$10
Index Prints (10cm x 15cm)	\$2 per 40 images
Index Prints (13cm x 18cm)	\$3 per 40 images
Index Prints (15cm x 20cm)	\$4 per 40 images
Index Prints (20cm x 25cm)	\$5 per 40 images

## **DVD SLIDESHOW**

1 to 100 photos	\$35.00
1 to 500 photos	\$60.00
1 to 1000 photos (Max)	\$85.00

**Minimum charge on all scans \$6. Duplicate CD's \$6 / Duplicate DVD's \$10**

## **MOVIE FILMS TO VIDEO TAPE or DVD**

Super 8, Standard 8 and 16mm Movie films will be transferred to DVD, or, if required, to VHS Video Tape

Pricing is as follows:

8mm/16mm 50ft (3" reel) runs approx 3 mins 20 secs	\$10 each*
8mm/16mm 200ft (5" reel) runs approx 15 mins	\$22 each*
8mm/16mm 400ft (7" reel) runs approx 30 mins	\$35 each
16mm 800ft	\$75 each
16mm 1200ft	\$105 each
9.5mm Centre Perf Pathe film (old and unusual movie film)	\$1.50/min

Transferring to DVD	\$30 per hour, or part thereof
Transferring to VHS Video Tape	\$7.50

Duplicate DVD	\$10
Duplicate VHS Tape	\$25

\* Note minimum scanning fee for movie films of \$55  
Please note copyright films will NOT be copied

## **VIDEO TAPE TO DVD**

VHS, VHS-C, 8mm, Hi8, Digital8 and Mini DV tapes can be transferred to DVD

Pricing as follows is per hour, or part thereof:

Video8/8MM/MiniDV/VHS-C to DVD	\$30/Hour, or part thereof
VHS to DVD	\$30/Hour, or part thereof (Max \$60)
SuperVHS (SVHS) to DVD	\$45/Hour, or part thereof
Beta to DVD	\$45/Hour, or part thereof
HD MiniDV Tape to DVD	\$1.20/min
VHS to VHS	\$25 each
Copy DVD	\$10 each

Archival DVD's can be supplied at an additional \$10/DVD

US Standard NTSC VHS to DVD	\$45/Hour
European Standard SECAM VHS to DVD	\$45/Hour

Maximum copy time to a DVD is 3 hours.

**Please note that copyright films/tapes and recorded movies from TV or TV shows will NOT be copied.**

## **STILL IMAGES FROM MOVIE FILMS, VIDEO TAPE or DVD**

We can now offer a service of still photos from movies.

All media HAS to be either a digital movie file, or be converted to a digital file.

Movie films and video tapes need to be converted to DVD as per the pricing on the previous page.

Print quality from any movie source will be “adequate” for 4” x 6” photos, and we would be hesitant to offer sizes larger than this.

Pricing is per 4” x 6” (10cm x 15cm) photo \$7.50

Photo file burned to CD \$5.00 per file

Very specific instructions need to be provided about what section you want a photo from such as time from start of movie, speech, particular movement of a person etc.

We will do our best to get the photo you request

This service is in its infancy, and as we do more, there will be improvements and changes. Please call if you need more information.

## **VINYL LP'S to CD**

We can transfer old vinyl LP's to CD.  
Min Price is \$20/side or both sides for \$30.

## **AUDIO CASSETTES TO CD**

Standard Audio Cassettes to CD  
\$20.00 per side or \$30 for both sides

Please note that our CD copies are LEGAL, and not in breach of any copyright.  
However, under the terms of our licence, we can only do 1 copy of each cassette or LP.

## **REEL TO REEL AUDIO TAPES TO CD**

Reel to reel audio tapes can be transferred to CD. Note that recording times may vary depending on the original tape (2 track or 4 track)

Min fee is \$25 which includes up to 30 minutes of audio. Then \$5 per additional 15minutes of audio.

## **MOVIES FROM MEMORY CARDS, MINI DVD'S AND OTHER MEDIA**

We can take movies from memory cards and put them onto DVD to play on your Television or Computer.

We can also take them from Mini DVD or other media, and burn them to a DVD.

Final file format is commercial .vob format which will play on all DVD players, along with most computers, although you may need to download codecs or plugins for some programs to play them.

There is a minimum charge of \$70 consisting of a setup fee of \$40, and then \$30 per movie hour (or part thereof) then applies.

DVD copies are \$10 each.

Service time on this service is 5-10 working days.
